Moon Void of Course Ends

Natal: Whitney Houston

Moon Enters Gemini

Natal: Whitney Houston

Words abound and messages fly for the next couple of days, when talk will be cheap but follow-through may not be. It's a good time for making new contacts and developing old ones, and for putting your finger on feelings that have been waiting the right kind of expression. Say what you mean, but don't be afraid to change it, refine it, on the fly.

Mercury Trine Mars

Natal: Whitney Houston

Tracking your efforts and deploying your inner expenditures comes with ease, and you can get extra mileage out of yourself by careful planning. News of how to do this better may be on its way, so listen for good advice on how to take care of yourself and take care of business at the same time.

Pluto Sextile Ascendant

Natal: Whitney Houston

Physical support for your ventures is in disarray (some might say non-existent), but determination is on your side and lends credibility to your personal appearance. A confident mien can easily get you what the heaviest backing could not achieve, so be willing to lean on it and hold your head up high.

Moon Square Uranus

Natal: Whitney Houston

Riled-up emotions can stir up harsh words, so watch your mouth and think before you speak. It's easy to get into a pointless argument, so when in doubt, agree to disagree if at all possible. Don't let annoying disagreements get your goat -- put your patience hat on and do your best to act like a saint. It's something to shoot for, anyway.

Sun Square Neptune

Natal: Whitney Houston

What you feel is right and true, and what you aspire to, may seem a bit at odds with circumstance right now, but debating the issues will likely not bring much clarity. Where you beg to differ, beg off and let it ride. Things have a way of clearing up by themselves both inside and out, so let them.

Moon Square Ascendant

Natal: Whitney Houston

It may be hard to take care of yourself when others at home or at work are insisting on attention. Do what you can to burn both ends of the candle, but don't push too hard, you'll just drain yourself without actually accomplishing all you want on either front. Just in time and just enough are quite sufficient.

Moon Trine Mars

Natal: Whitney Houston

This is a good time to establish your physical stride at its best, a broad, loping run that eats up the miles of life. Pick a preferred pace that you can live up to, and your energy level will actually rise and your accomplishments blossom. Wise, intuitive decisions make you fuel efficient with energy to burn.

Moon Square Mercury**Natal: Whitney Houston**

Disputes between head and heart can raise issues that consume a lot of time but don't actually resolve anything. If you can't clarify things quickly, drop the matter and move on. Resist the impulse to insist -- if it won't untwist, just cease and desist.

Moon Square Pluto**Natal: Whitney Houston**

It can seem too easy to simply push your way through, but right now you'll find that can be a losing strategy. The more you shove, the more resistance you get. It's not paranoia, but it's not really a plot, either. Just back off and the whole problem vanishes. Take another route.

Moon Sextile Venus**Natal: Whitney Houston**

Small signals under the table will get you everything you need without rocking the boat. A wise wink and a knowing glance will put you on the road to satisfaction, when a direct request might get you put off. Implied understandings and understood arrangements are the tools of the moment for accrued payoffs.

Moon Sextile Sun**Natal: Whitney Houston**

Compatible forces surround you and it pays not to make waves, but welcome the help and share the wealth. Diplomacy and consideration will get you everywhere, so be on your best behavior and you'll be in like Flynn. Small, multiple moves are favored over big leaps, they mount up and you go just as far.

Moon Sextile Moon**Natal: Whitney Houston**

Your sense of the situation is probably pretty accurate, especially if you're telling yourself to let sleeping dogs lie, and allow general agreement to form without making a bid deal of it. Exude emotional stability (or at least pretend to) and you'll find yourself brought in as expert and friend.

Moon Enters 4th House**Natal: Whitney Houston**

An eye to your back-up, extra fuel tanks, and general supply lines marks this lunar transit -- making sure that things are in control back on the farm (they may let you know, for sure, at this time!). Resolving issues at your rear allows for the next advance.

Moon Opposition Midheaven**Natal: Whitney Houston**

You may do well to turn your energies inward for a bit and clean things up on the home front. Tie up loose ends, fulfill delayed promises, and generally pull yourself together. You can't make a home run if you can't see home base, so sweep it clean for that future dash to score.

Moon Sextile Jupiter**Natal: Whitney Houston**

Subtle feelings and intangible but reliable intuition allow increasing buildup of emotional communication, as plans come ever closer to realization. Slow and easy swings you along at just the right pace, there's no hurry to completion. It will come in its own time. Enjoy the journey.

If you follow well-marked roads your trip will be shorter and you won't get lost. Stick to the tried and true and don't experiment for the moment. You'll find support from elements that might otherwise pull away. Don't rock the boat and the boat will get you where you want to go. Traditional wisdom supports you, believe in it.

Mercury Opposition Venus**Natal: Whitney Houston**

Getting a line on what you want may not be as easy as it seems. Contradictory choices abound that gain and lose appeal before you can decide on them. That's partly because your tastes are changing, and partly due to a shifting environment. Keep plugging away until the right one appears, then grab it.

Neptune Enters Pisces**Natal: Whitney Houston**

Spiritual revival will be just one hallmark of the next fourteen years, as will a general tendency for those who pretend to it not give to those who actually do. Flights of romanticism are daily fare, even to those whose life is not romantic in the least. When there is nothing else, there is always a dream, a pure dream, waiting just beyond.

Moon Enters Cancer**Natal: Whitney Houston**

Expect feelings to get a little more intense for the next few days, particularly due to bottled-up emotions that people are trying to keep a lid on. It's hard to say what you mean when there's so much expectation to deliver on every hand. Best to be utterly sincere but not say too much that might set off hidden nerves or be seen as space invasion.

Moon Void of Course Ends**Natal: Whitney Houston****Mercury Square Neptune****Natal: Whitney Houston**

Trying to explain your way out of a hopeless situation is in itself hopeless, so don't waste the effort. If things get just too lost and confusing, pull out and try something else. Misleading information is likely the cause, so don't apologize for not cooking the meal when you don't really have the right ingredients.

Moon Sextile Uranus**Natal: Whitney Houston**

Small aberrations and wanderings from the main highway will get you everything. Explore those byways, there may be gold in them thar' hills. Just off the well-beaten path you'll find the scenic route where you can stake your claim ahead of the pack. In short, it's time to cash in on the mildly unusual -- tune into it.

Moon Trine Ascendant**Natal: Whitney Houston**

You've got extra support if you look for it. It's a good time to crank up your creativity and give birth to something new and exciting. You can do it by yourself, but you might find you get further if you draw other people into your plans and use their willing help to propel your propositions forward.

Moon Square Mars

Natal: Whitney Houston

If you find yourself being pushed into situations that tax your limits, make sure they're worth the energy you expend. Repetitive stress injury, so to speak, is something you want to avoid, so do enough to get the job done properly and no more. The price of perfection may be dislocation elsewhere, so don't overdo it.

Moon Enters 5th House

Natal: Whitney Houston

This is a good time to let your hair down and enjoy before someone else lets it down instead. Let urge carry you, as tight schedules will get snarled if you fight it. R&R is not just time off, its renewal, putting more in the pipeline on return.

Pluto Square Mars

Natal: Whitney Houston

You should attempt to lend particular accuracy and delicacy to your physical performances, as it will be very easy to overdo and use too heavy a hand in an effort to be sure of what you have accomplished. Go easy and don't push it: it will get done better with a little added finesse.

Moon Sextile Mercury

Natal: Whitney Houston

Putting in a good word on the QT will be better than hollering. Ideas slipped into the conversation will find automatic response and agreement. Low-profile exchanges will snowball into a general consensus if you pursue quiet leadership and follow your intuition. Gentle feelings illuminate the mind.

Moon Sextile Pluto

Natal: Whitney Houston

If you trust your instincts, they will not fail you. Don't bet the farm, but small risks taken with confidence pay off. One success leads to another. Fortune unfolds one moment at a time, and with patience builds an edifice of felicity. You can be lucky without having to trust in luck.

Moon Trine Neptune

Natal: Whitney Houston

Use the everyday reality around you as fuel for the ideal world of your imagination and you'll find yourself a general inspiration to all. When hope and belief are applied hands-on to the real world, the inner self can make its mark on the outer and the stuff of dreams coming true becomes your instrument to play.

Moon Square Moon

Natal: Whitney Houston

It may be easy to get into a debate, as there's an edge of contentiousness upon you, but if you do, make it about issues and not personalities. Your first instinct or reaction may need refining, so don't put your bets on the first hand you are dealt. Patience with yourself and others will reveal what cards to play.

Moon Square Jupiter

Natal: Whitney Houston

Resist the temptation to overdo, physically or emotionally, to the point of diminishing returns. It's easy to trip wearing seven-league boots, so if you're not steady on the first step or two, downsize or wait to proceed until you've got your balance. Your initial take will require refinement, so don't expect to score with your first shot.

This very unbirthday season is your solar cycle low and brings a general energy drain -- it takes greater effort to get less done than at any other time of the year. It's also a health-watch time, as your immune system is at its lowest ebb.

Sun Sextile Moon

Natal: Whitney Houston

Emotional tête-à-têtes are just right for tea time, and sympathy abounds when you leave things unsaid and just go with the feeling. The small things in life give much support and pleasure, and savoring them costs little while giving and receiving quiet joys. Often it is what you overlook that holds you up.

Moon Enters Leo

Natal: Whitney Houston

Creative and uncensored feelings can make for an almost party atmosphere if you follow the flow and avoid the usual impediments for the next couple of days. The world is looking for a lover, and you can put yourself into that picture however you choose. Make a breakout, or just let the rising tide carry you along.

It may be because you don't follow through or it may be the listeners' inattentiveness, but you may have to say it several times before you get through to people right now. Don't hesitate to repeat yourself.

Mercury Sextile Moon

Natal: Whitney Houston

Intimating how you feel may get more across than loud declarations; a slow build of communication makes bonding all the stronger. Move from one small agreement to the next until two hearts and minds become one. It's a two-way stretch, as your own understandings need this pace to come to fruition.

Moon Enters 6th House

Time for quick housework to restore order, smooth operation inside and out. Reestablishment of regimen lets each path run unobstructed, snarls and tangles won't appear to begin with, so take the short, but tedious, time it takes to do it.

You are biking with the wind behind you, which gives you extra smooth power that effortlessly eats up the miles. Keep up the pace without straining so when it's time to take a rest or the wind changes, you'll have the accomplishment you need under your belt. Sustain without strain for the greatest gain.

Moon Conjunction Venus

Natal: Whitney Houston

Heightened appetites (of all sorts) are a natural this time of the month, as will be opportunities to fulfill them. Pick as you would from a smorgasbord and don't chow down too heavily -- the taste is what counts, volume only slows you down. Variety is the spice, intensity the sweetness, whatever or whoever is involved.

Moon Square Neptune

Natal: Whitney Houston

Illusions and delusions can wear the mask of true inspiration, so thread your way among them to the truth and don't fall for the first fantasy that comes to mind. Possibilities may evaporate as quickly as they appear, and that is for the best -- better to let them go than seize on what will not support you.

Saturn Stationary Retrograde

Natal: Whitney Houston

Mercury Sextile Midheaven

Enigmatic and cryptic comments should not be treated with suspicion, as they are probably compliments in disguise. Friendly messages come from obscure places and race, creed, or national origin should not be allowed to get in their way. If you can communicate, even if you're in the dark, open up and do so.

Sun Sextile Midheaven

Natal: Whitney Houston

You probably haven't heard what they're saying about you -- which is just as well, as it could easily go to your head. Just be quietly aware that the good word is on the street and you are the beneficiary. Although you may lack specifics, use the assumption to make a little hay while the sun shines.

Moon Conjunction Sun

This is the time of the lunar month when you get an extra boost of physical energy, from your ego on out. This allows you to carry yourself farther and ride the crest of the wave that extra distance. Things play in your style, so you don't have to strain. For a couple of days, you've got extra cards, so play them.

Moon Trine Moon

Natal: Whitney Houston

The Moon's got you in tune from morning 'til noon, and well into the afternoon. Your intuition is on the mark and your reactions fit in with all around you. It's easy to agree, and most people will if you let them, so spread as much good will as possible. Agreement now will be a benchmark for cooperation down the road.

Health and wealth conspire to put you on the map, so tend your resources and they will tend you. Moon Trine Jupiter

Natal: Whitney Houston

Sometimes you just know it's right and jump without hesitation. Right now that can put you well ahead of the game, as a good sense of what will work finds something sensible to work with. Moon Opposition Saturn

Sporadic slowdowns and roadblocks may interfere with your timetable, but not your final destination. Mark the shoals as you work your way around them so they won't trip you up the next time. When you know your limitations, the course becomes clearer -- take it as a lesson and don't cry over spilt milk.

Mercury Sextile Jupiter

Natal: Whitney Houston

Grand strategies are only as big as their individual components, and great skyscrapers are put together one girder at a time. Fulfilling the vision as it presents itself is the way to go, with smaller, surer steps preferable over giant strides of the imagination. Take it easy, and all will unfold.

Venus Enters Aries

Natal: Whitney Houston

Passions run high for the next few weeks, with flashes of intense desire suddenly trailing off into satiation or ennui. So if you're looking for intensity, now's the time to jump into the pool - but commitment after you're there may be hard to hold on to. Hunger pangs, once fed, lose their urgency.

Mercury Conjunction Saturn

Natal: Whitney Houston

Clear insight into what's holding you together will also inform you of your limitations. You can only do so much with what you've got, but when you take inventory and examine your roots, you'll see just what you've got to build on. Analyze that, then move upward and outward knowing the potential of your foundation.

Moon Enters Virgo

Natal: Whitney Houston

If you regularly pick up each stitch, you won't be tripped up over the next few days. If not, watch out for entanglements in small print and minor details that suddenly loom larger if you overlook them. The feeling of a job well done awaits you, but only after you do it. If you're ahead of expectations, you'll have it locked up tight.

Sun Sextile Jupiter

Quiet inspiration fills out already-established intentions and it feels good to see things proceeding according to plan. This depends on your support system, however, so tend that well so your surroundings will continue to bear you up as things develop. Think big, but don't push the envelope.

Moon Conjunction Uranus

Natal: Whitney Houston

The itch to break away from the normal path and do something radical may have to be resisted but it shouldn't be ignored. Perhaps it's just what's needed, but only if you do it with decisiveness and clarity, as you probably won't be able to take it back. A peek into the unusual can be both entertaining and edifying.

Moon Enters 7th House

Natal: Whitney Houston

Lots of advice, attempts to influence you can co-opt your direction, but hold your own only if you really think appropriate -- the other side might be right, and now's the time to try it out without long-term commitment.

Moon Opposition Ascendant

Natal: Whitney Houston

This is a temporary lull in the month and you can book extra time here as there will be cancellations. The spotlight is on others close to you, so be willing to play a supporting role and pass the ball on to another -- it will come back soon enough. It's counterpoint time in your monthly symphony - let the other instruments fill in.

Sun Conjunction Saturn

Natal: Whitney Houston

Restrictions that have held you back may suddenly give way and open new vistas for personal and financial development. Ride it for a day or two and get the most out of it. It's more likely to be a glimpse rather than the final breakthrough, but it's something to set your sights on.

Moon Conjunction Mercury

Natal: Whitney Houston

Flashes of insight and solutions to problems are likely to surface in conjunction with the general energy high during these few days. Don't force them, just let them appear and scoop them up as you speed along, your momentum will be lost if you tarry too long. Swing your mallet like a polo player on the gallop.

Moon Conjunction Pluto

Natal: Whitney Houston

An elusive fear, a shadow from a dream may creep up on you, but simply toss it off, as you're not likely to be able to pin it down. Proceed as if you were on course, and the seemingly premonitory wind will pass unfulfilled, as it was just a memory. When you encounter a stop sign, there's a reason for it. Look both ways, then proceed.

Moon Sextile Neptune

Natal: Whitney Houston

One dream at a time, small hopes compounding to become great expectations, that's the road to your pot of gold at the end of the rainbow. All-consuming fantasies have their place, but building possible dreams now

can make the impossible one walk right in later. Dream a little dream, for you....

This internal full Moon makes you best inclined to gather the fruits of the last couple of weeks and making the best of the harvest. Projects should have adequate input by now and be winding toward completion, filling in details for next two weeks. The crop is out, now it's time to start tending to the harvest.

Moon Enters 8th House

A quick stab at digging out that extra piece of research, evidence can provide the final piece of the puzzle. Facts that are hard to find can be rooted out and put a new light on things, not only on the outside, but within.

Moon Sextile Midheaven

Natal: Whitney Houston

Good word about you comes from places you don't expect and may not even notice, but it's there nevertheless. Small compliments amass to build your position, and the more gracious you are about it, the more often they will come. What begins nearby spreads afar in time, and your reputation will proceed you.

Moon Opposition Jupiter

Changing tides of feeling can make you a little uncertain of the mark, as intuitive answers alternately overwhelm the question or leave it high and dry. Snap decisions are probably not a great idea, so take several measurements before you come to a conclusion. By the time that's done, the waters will have quieted down.

Moon Trine Saturn

Small aberrations and wanderings from the main highway will get you everything. Explore those byways, there may be gold in them thar' hills. Just off the well-beaten path you'll find the scenic route where you can stake your claim ahead of the pack. In short, it's time to cash in on the mildly unusual -- tune into it.

Moon Trine Ascendant**Natal: Whitney Houston**

You've got extra support if you look for it. It's a good time to crank up your creativity and give birth to something new and exciting. You can do it by yourself, but you might find you get further if you draw other people into your plans and use their willing help to propel your propositions forward.

Moon Sextile Mercury**Natal: Whitney Houston**

Putting in a good word on the QT will be better than hollering. Ideas slipped into the conversation will find automatic response and agreement. Low-profile exchanges will snowball into a general consensus if you pursue quiet leadership and follow your intuition. Gentle feelings illuminate the mind.

Moon Sextile Pluto**Natal: Whitney Houston**

If you trust your instincts, they will not fail you. Don't bet the farm, but small risks taken with confidence pay off. One success leads to another. Fortune unfolds one moment at a time, and with patience builds an edifice of felicity. You can be lucky without having to trust in luck.

Moon Square Venus**Natal: Whitney Houston**

Chasing after gain may give you cause to complain, as getting what/whom you want at the desired where and when just leads to one complication after another. You may have to settle for second best or some sort of compromise, unless you're willing to wait and do without and see if it all comes together later.

Moon Conjunction Neptune**Natal: Whitney Houston**

Don't question moments of indefinite inspiration right now, trying to pin it down will mean simply losing it altogether. Just proceed blithely onward and let it gel in its own time, enjoy and savor the feelings brought out in the process. You might want to record it or write it down, as forgetfulness can erase your vision.

Mercury Enters Pisces**Natal: Whitney Houston**

Putting the right phrase to the task is not the focus for the next few weeks - so if you're at a loss for words, join the party. But words aren't everything, and those slippery concepts that emerge right now can yet be pounced upon when the time is right, like a cat on a mouse, and nailed to the ground. Just mind your mind in the meantime.

Moon Square Sun**Natal: Whitney Houston**

Things are not as in tune as they might be, but resolution and progress are possible through mutual recognition and compromise. Impact priorities and be ready to give on small points in order to gain on the large ones. Competition can be strong, but it makes you stronger, and this is where you earn respect and trust.

If you throw out your line and nobody bites, just reel it in and try again. Perfect your play and then hike the ball, your long receiver is waiting for your pass if you can locate him among the pack.

Moon Square Ascendant**Natal: Whitney Houston**

It may be hard to take care of yourself when others at home or at work are insisting on attention. Do what you can to burn both ends of the candle, but don't push too hard, you'll just drain yourself without actually accomplishing all you want on either front. Just in time and just enough are quite sufficient.

Moon Sextile Mars**Natal: Whitney Houston**

You are biking with the wind behind you, which gives you extra smooth power that effortlessly eats up the miles. Keep up the pace without straining so when it's time to take a rest or the wind changes, you'll have the accomplishment you need under your belt. Sustain without strain for the greatest gain.

Moon Square Mercury**Natal: Whitney Houston**

Disputes between head and heart can raise issues that consume a lot of time but don't actually resolve anything. If you can't clarify things quickly, drop the matter and move on. Resist the impulse to insist -- if it won't untwist, just cease and desist.

Moon Square Pluto**Natal: Whitney Houston**

It can seem too easy to simply push your way through, but right now you'll find that can be a losing strategy. The more you shove, the more resistance you get. It's not paranoia, but it's not really a plot, either. Just back off and the whole problem vanishes. Take another route.

Moon Trine Venus**Natal: Whitney Houston**

Ask and you shall receive. 'Tis the season, while it lasts (for a day or so), so if you want it, go for it. Part of it is about intuitively knowing just what to ask for, what's really available, and who's in the mood for giving. Go with your feelings and you'll be surprised at what's at your command.

Moon Trine Sun**Natal: Whitney Houston**

The Moon is in your element, and so are you. Like minds and hearts gravitate toward you -- together you could rule the world, or ought to. Use this smooth energy to make big strides, conquer new ground so you'll be in ever better position when the situation is less ideal. Make time.

Moon Trine Moon**Natal: Whitney Houston**

The Moon's got you in tune from morning 'til noon, and well into the afternoon. Your intuition is on the mark and your reactions fit in with all around you. It's easy to agree, and most people will if you let them, so spread as much good will as possible. Agreement now will be a benchmark for cooperation down the road.

A really good time of the month to start working on getting noticed, as it will be happening of itself from afar. Good words about you are getting around that will work their way directly into your life next week, so help them out where you can. Put your wares out where people can see them, and they'll snap you up.

Moon Enters 10th House

It may be easy to get into a debate, as there's an edge of contentiousness upon you, but if you do, make it about issues and not personalities. Your first instinct or reaction may need refining, so don't put your bets on the first hand you are dealt. Patience with yourself and others will reveal what cards to play.

Mercury Conjunction Ascendant

Natal: Whitney Houston

Expect a personal message or two coming out of the blue from long-awaited contacts. Don't be surprised if you are the center of the conversation and showing off your gift of gab more than usual. Anything you say will probably be taken at face value, so use the opportunity to develop contacts, spread your message.

Mercury Enters 1st House

Natal: Whitney Houston

Messages are coming your way, so clear the decks and be ready to answer some surprise and perhaps long-awaited missives. Just being yourself will be sufficient for others to see you as full of bright ideas.

Resist the temptation to overdo, physically or emotionally, to the point of diminishing returns. It's easy to trip wearing seven-league boots, so if you're not steady on the first step or two, downsize or wait to proceed until you've got your balance. Your initial take will require refinement, so don't expect to score with your first shot.

This must be "growing awareness month," starting at zero for most, so if the general atmosphere is clueless, join right in. It's all about feeling your way, with a lot of counterfeit options crowding around the ultimately real path ahead. Follow your feelings (yours, not others'), once you've confirmed them a couple of times.

Moon Enters Aquarius

Natal: Whitney Houston

Being all things to all people is what it's about for the next few days, which can cramp those with a one-on-one heart-to-heart style. Cool sincerity is in the air, and lukewarm may be mistaken for (or preferred to) hot. A great time for negotiations, but you may want to put off headlong passion until there's more fuel for the flame.

Mercury Opposition Mercury

Natal: Whitney Houston

This is likely not your sharpest time of year, and communications can become spotty and fitful. There's interference in the phone lines of your mind, so you may have to repeat your messages several times to get through to others, or even to yourself. Just hack at it, and give yourself the extra time to make it all clear.

Moon Enters 12th House

Natal: Whitney Houston

Skulduggery may be afoot and you may get just enough of a peak to take precautions, but not enough to be really sure of its focus. Sudden decisions now can turn to disaster easily, so cover perimeters, wait for the action.

Mercury Opposition Pluto

Natal: Whitney Houston

Thinker's block may pop up now and then, when you just can't get your head around a challenge or the right information to provide a solution gets momentarily sidetracked. This temporary brain drain is solved by stopping to take a breath, then turning your attention back to the matter at hand. Try, try again.

Moon Trine Mars

Natal: Whitney Houston

This is a good time to establish your physical stride at its best, a broad, loping run that eats up the miles of life. Pick a preferred pace that you can live up to, and your energy level will actually rise and your accomplishments blossom. Wise, intuitive decisions make you fuel efficient with energy to burn.

Mars Square Midheaven

Natal: Whitney Houston

Putting your energy into your self-image or even attending to a partner may not be the best way to promote yourself to the public. The demand for maintaining your reputation may be unnecessarily taxing, especially if you tend to it too closely. Put your best efforts forward, then let them speak for themselves.

Moon Opposition Venus

Natal: Whitney Houston

So near, yet so far away. You may find your reach exceeds your grasp, and like King Tantalus, the grapes you seek are just beyond your fingertips. Don't strain yourself stretching, be content with what's at hand until they move closer, which they will. Just keep a positive attitude, so they won't be sour grapes when they finally fall into your lap.

Moon Square Neptune

Natal: Whitney Houston

Illusions and delusions can wear the mask of true inspiration, so thread your way among them to the truth and don't fall for the first fantasy that comes to mind. Possibilities may evaporate as quickly as they appear, and that is for the best -- better to let them go than seize on what will not support you.

Moon Opposition Sun

Natal: Whitney Houston

This is the time during the lunar month that is closest to the "pits." Most likely time to catch cold, get overlooked, find yourself ignored. Energy is low and efforts are more ineffectual than usual -- either push twice as hard or take the day off and wait for improvement. You'll be back in style in no time.

Your sense of the situation is probably pretty accurate, especially if you're telling yourself to let sleeping dogs lie, and allow general agreement to form without making a bid deal of it. Exude emotional stability (or at least pretend to) and you'll find yourself brought in as expert and friend.

Moon Sextile Midheaven

Good word about you comes from places you don't expect and may not even notice, but it's there nevertheless. Small compliments amass to build your position, and the more gracious you are about it, the more often they will come. What begins nearby spreads afar in time, and your reputation will proceed you.

Moon Sextile Jupiter

Subtle feelings and intangible but reliable intuition allow increasing buildup of emotional communication, as plans come ever closer to realization. Slow and easy swings you along at just the right pace, there's no hurry to completion. It will come in its own time. Enjoy the journey.

Mercury Trine Neptune

Natal: Whitney Houston

The ability to put nonverbal images into words is a precious commodity, one you can trade on for the moment. Even blindfolded, you'll be able to pin the tale on the dream and speak for others who are not so articulate. Occasional outbursts can get your "startle reflex" going and you may feel a bit jumpy for no particular reason. Welcome or unwelcome, surprises could be around the corner, so perk up your ears and give a listen so you won't get taken by surprise. Those footsteps you hear might herald welcome aid

This is a really good time of the month to get noticed, so get out there and take charge. Things will generally get busier, reserve extra time on your schedule for unanticipated appointments or prolonged, profitable personal engagements. The spotlight turns up, and you're on stage -- perform!

Moon Enters 1st House

Natal: Whitney Houston

Monthly lunar peak gives momentary boost to ego and confidence, a brief reminder of how good you can be when you're on. Observation now will let you do it with greater regularity -- shine, but remember how you did it so it becomes a habit.

Moon Opposition Mercury

Natal: Whitney Houston

It's a time for counterintuitive solutions, so think outside of the box, that is likely where the answers lie. If it feels right, it's probably not, so don't jump to conclusions based on a hunch. Bat ideas and feelings back and forth and look at both sides of the issue before you reach to a final conclusion.

Moon Opposition Pluto

Natal: Whitney Houston

Stop and go traffic is a fact of life, so don't let it get to you. When you just can't push through, wait a bit and things will clear ahead, then take another step. Resistance is brief but strong, so avoid small confrontations that will go away on their own. Relax, turn your radio on, and blow off the bumper to bumper.

Venus Trine Sun

Natal: Whitney Houston

By providing what's needed, you become what's wanted, and you'll be showered with love and gratitude for simply being yourself. Remember that desire is fickle and moves on, so take in as much as you can while the feeling lasts. Absorb the passion of the moment as it comes easily, and remember how you did it.

Moon Void of Course Begins

Moon Trine Neptune

Use the everyday reality around you as fuel for the ideal world of your imagination and you'll find yourself a general inspiration to all. When hope and belief are applied hands-on to the real world, the inner self can make its mark on the outer and the stuff of dreams coming true becomes your instrument to play.

Venus Conjunction Moon

People want your feelings on the matter, no matter what the matter is. You needn't volunteer, you'll be asked. Whatever your sentiments, they are likely to satisfy, and your reactions can start chain reactions if you are willing to speak up. You've got charm as long as your arm if you flex your muscles.

Moon Trine Mercury

Natal: Whitney Houston

Head and heart go hand in hand and workable solutions are available that feel as good as they work. You can put emotions into phrases that hit the mark and get your message across in more than just words. Multilevel thinking enables you to see all sides of the issue and be a friend and helpmate to all concerned.

Moon Trine Pluto

Natal: Whitney Houston

There's a feeling that the Force is with you, and if you lay back and let circumstances float your boat, it most certainly is. Simply will away obstacles and they will crumble in your path. Envision what you need and it will appear for you right on time. Have faith, and you will have had reason to.

Moon Square Venus

Natal: Whitney Houston

Chasing after gain may give you cause to complain, as getting what/whom you want at the desired where and when just leads to one complication after another. You may have to settle for second best or some sort of compromise, unless you're willing to wait and do without and see if it all comes together later.

Sun Conjunction Ascendant

Natal: Whitney Houston

This particular season of the year especially smiles on your endeavors and others look to you at least briefly for leadership. Exercise it promptly before the feeling around you fades, and you can find yourself ensconced there year round. The spotlight is on, step into it.

Sun Enters 1st House

Natal: Whitney Houston

Your physical solar cycle is at its high, which should bring a lot of personal energy and activity that allows you to push your personal influence beyond its regular boundaries. Extra energy and confidence allow you to put out at above-normal rate.

Moon Opposition Neptune

Natal: Whitney Houston

Your usual clarity may come only in fits and starts as the inner dream world surfaces occasionally and distracts the mind while inspiring the heart. If you are quick, you can use one state of mind to draw out the other -- or they can just trip each other up before either really gets going. See what you can do.

Moon Square Sun

Natal: Whitney Houston

Things are not as in tune as they might be, but resolution and progress are possible through mutual recognition and compromise. Impact priorities and be ready to give on small points in order to gain on the large ones. Competition can be strong, but it makes you stronger, and this is where you earn respect and trust.

Moon Square Saturn

Natal: Whitney Houston

Don't let negative thinking get you down -- criticism for its own sake is a waste of time. Lack of confidence can take the wind out of your sails, so believe in yourself even when others don't. Sail straight and true through the currents of self-doubt and ignore the sometimes jealous remarks of others who would see you give up.

Moon Sextile Node

Natal: Whitney Houston

Moon Enters 3rd House

Natal: Whitney Houston

Telephone storm, hasty social get-togethers, and communication overloads come and go. A good time to get quick points across with maximum brevity so it all fits in and is clear in the future -- wasted words come all too easy here.

Moon Enters Gemini

Natal: Whitney Houston

Words abound and messages fly for the next couple of days, when talk will be cheap but follow-through may not be. It's a good time for making new contacts and developing old ones, and for putting your finger on feelings that have been waiting the right kind of expression. Say what you mean, but don't be afraid to change it, refine it, on the fly.

Moon Void of Course Ends

Natal: Whitney Houston

Sun Opposition Mercury

Natal: Whitney Houston

Keeping on track with the plans you made six months ago may be more difficult that you envisioned, as a general energy and brain drain makes focus and endurance hard to retain. Reformulate where necessary, otherwise do what you can to regroup and stick with the original strategy and get it back on track.

Moon Square Uranus

Natal: Whitney Houston

Riled-up emotions can stir up harsh words, so watch your mouth and think before you speak. It's easy to get into a pointless argument, so when in doubt, agree to disagree if at all possible. Don't let annoying disagreements get your goat -- put your patience hat on and do your best to act like a saint. It's something to shoot for, anyway.

Moon Square Ascendant

Natal: Whitney Houston

It may be hard to take care of yourself when others at home or at work are insisting on attention. Do what you can to burn both ends of the candle, but don't push too hard, you'll just drain yourself without actually accomplishing all you want on either front. Just in time and just enough are quite sufficient.

Moon Trine Mars

Natal: Whitney Houston

This is a good time to establish your physical stride at its best, a broad, loping run that eats up the miles of life. Pick a preferred pace that you can

live up to, and your energy level will actually rise and your accomplishments blossom. Wise, intuitive decisions make you fuel efficient with energy to burn.

☾ ☐ ♀ 04:09 pm 10°II 15' Tra-Nat
29 Feb 2012 to 29 Feb 2012 3rd Hs

Moon Square Mercury

Natal: Whitney Houston

Disputes between head and heart can raise issues that consume a lot of time but don't actually resolve anything. If you can't clarify things quickly, drop the matter and move on. Resist the impulse to insist -- if it won't untwist, just cease and desist.

☾ ☐ ♀ 05:40 pm 11°II 01' Tra-Nat

Moon Square Pluto

Natal: Whitney Houston

It can seem too easy to simply push your way through, but right now you'll find that can be a losing strategy. The more you shove, the more resistance you get. It's not paranoia, but it's not really a plot, either. Just back off and the whole problem vanishes. Take another route.

☾ ✖ ♀ 06:03 pm 11°II 12' Tra-Nat

Moon Sextile Venus

Natal: Whitney Houston

Small signals under the table will get you everything you need without rocking the boat. A wise wink and a knowing glance will put you on the road to satisfaction, when a direct request might get you put off. Implied understandings and understood arrangements are the tools of the moment for accrued payoffs.

☉ ☉ ♀ 08:58 pm 11°X 01' Tra-Nat

Sun Opposition Pluto

Natal: Whitney Houston

Putting up resistance to the general will may be hard right now, and strategic give and take may be the answer. Hang on to what is essential, but be ready to give up what you must. In the end, you'll say good riddance to what is gone and value even more what remains. Do it freely, and it won't be a struggle.
