Mars Stationary Retrograde in 07th House

Partnership struggles and confrontations can come as a result of frustration and working at cross-purposes during this period. It's important to remember that you're not the only one trying hard. Give all the respect possible to what your partner puts in, even if it seems to fail, and hope that you get the same generous treatment. In this time it's trying, not necessarily succeeding, that counts -- and going back to the drawing board together can be equally as bonding as getting it right on the first try. It's not just what you accomplish, it's what you help each other work through, that cements the bonds of the heart.

Mars Conjunct Pluto (Retrograde)

Mars making a pullback from your Pluto (and that of all your contemporaries) may be just the thing to resolve issues that might lead to pointless confrontations or struggles for position. The best way to pick fights is to pick to not get involved in them -- it saves energy and wasted physical and emotional strain. It is more important to know you are right than to prove it to someone else. You can't do the latter without the former, and this is a good time to reexamine the power of your internal faith and righteousness, leaving later circumstances to support you in your quest.

Mars Conjunct Mercury (Retrograde)

Brilliant flashes of insight and problem solving may suddenly require a second look as Mars backs off your Mercury. Easy solutions will take a bit more work until they can be hammered into workable pathways to success. Mental effort can tire just as easily as physical, however, so don't beat your head against obstacles that don't respond on first approach, but be willing to try, try again with smaller steps until it all comes together. Instant results are less important (and less likely) than final triumph over the long haul. Headway in the smaller leads to the greater good.

Mars Conjunct Uranus (Retrograde)

Mars pulling back from your Uranus may save you from hasty decisions, but it might not seem that way at first. The urge to jump into the fray can be so strong that you miss the

obvious. Take the time to retool your ingenuity and develop the practical side of your inspirations before putting them to the test without a safety net. Test not only your accelerator, but your brakes, so you have full control before you charge ahead -- you'll be thankful you did. Develop greater precision and accuracy before you fire, or you'll waste ammo. One shot at your target will be all you need, if you take more careful aim.

Mars Stationary Direct in 06th House

Cross-purposes, crossed wires, and conflicting energies may have left you drained of late, but realignment is now underway that will allow you to get back in tune with things. You will find yourself better able to take charge of your daily routine and let it energize you rather than drag you down. Experimentation with various alternatives now leads to the choice of a single path that both conserves your inner resources and brings you dividends in the process. Put aside time-wasting diversions and go with what -- and who -- really make you feel alive and glowing.

Mars Conjunct Uranus

Mars turning about on your Uranus can bring unexpected discoveries and, unless you play it easy, a stop-and-go, bumpy ride. Expect the spigot to be off or on and not much in between for a while, a sputtering rhythm that can be fun if you go with it, but annoying if you try to buck it. Allow yourself to be catapulted to where you're going and you'll go further -- like a roller coaster, it's best to let it take you wherever it goes, even if you shriek a little. At the end of the ride you'll be back with your feet on the ground and requests to go another round.

Mars Conjunct Mercury

Mars launching forward on your Mercury should set mental sparks flying and energize solutions to previously puzzling problems. However, the urge to smash idols and cut the Gordian knot should be tempered with second thoughts, as there's no turning back once you burn a bridge behind you. Remember that things are only just coming together and it still may take some work to get the kinks out before you go for full throttle. Burning the midnight oil should come more easily now, even to the point of difficulty in turning your mind off when you need to take a rest.

Mars Conjunct Pluto

Mars turning direct on your Pluto is something that's happening to everyone your age and it may tend to stir up some old classmate competitiveness and rivalries. Pushing and shoving for fun and exercise may be a familiar amusement, but don't let it get out of hand and turn into real physical or emotional conflict. Though you may be tempted to edge someone out of the way (or see that happening to you), ask yourself first if this is worth fighting for. Few things are, but lots are worth giving way for. So when given the choice, back off and don't get caught in a squeeze play of your own making.

This begins a three-week period during which you have the opportunity to refine and perhaps repurpose the way you project yourself in your surroundings. Round off the raw edges and pull in any potential entanglements that might be slowing you down. You have not only the right, but sometimes the obligation, to change your mind in order to insure consistency and personal impact. Toward the end, this may particularly include tightening up solutions to previously resolved issues to be sure they are well in hand. When you've got all your ducks in a row, you won't have to look back.

Mercury Stationary Direct in 01st House

After three weeks of readjustment, you can start getting plans back into shape for going ahead, which includes some new feathers put on your personal image. You may find you have discovered some improved ways of fitting your own leadership into the mix, which will firm up during the next few weeks and everyday rhythms get renormalized. Although it might not have seemed so a couple of weeks ago, you're increasingly glad to have had the opportunity to edit your life a bit so you can better exploit your position both socially and financially during the next month or so. Some changes will be momentary, but some will last.

During this period, what you want to hold on to and what you want to let go can be a recurrent issue. Not so much in the outer world, but rather the inner. The set of circumstances that really makes you feel at home and well supported emotionally and spiritually ask to be defined or, rather, redefined. Are you where you would like to be? Are your values abiding or shifting? What is your personal bottom line? As you address these questions, you may find yourself redefined and more secure from within and therefore better able to go after goals on the outside, especially in you interaction with others.

Venus Stationary Direct in 03rd House

You may have found some difficulty lately getting what you want across to others, making your desires and wishes known in ways that are not misunderstood. A period of clarification is now underway, during which you can clear things up and get what you need from the immediate surroundings without having to repeat yourself so much. Partially, that's due to general happenstance, but equally important is putting your own thoughts in order and being sure of what you want, so you can ask for it clearly and effectively. When you are coming from a solid place inside, your follow-through will take care of itself.

The next three weeks could easily throw some kinks into your schedule and make your routine suddenly unroutine. You have the opportunity now to iron out the wrinkles that may have been bothering you but which were somehow still left unattended. You may be wise to

put great leaps forward temporarily on the backburner until you are sure there is nothing to trip you up along your way when you make your moves. This may result in coming to some reconclusions about how and with whom you deploy your creative juices. Listen to that inner voice to make sure you heard it right, then get back into gear.

Mercury Conjunct Venus (Retrograde)

Mercury making a reverse move on your Venus can bring you a brand-new approach to your fundamental desires and goals in life. Feel free to change your mind like mad for a few weeks until you've rummaged through your options and figured out what and whom you want to keep, and who to get rid of. Stop chasing after what you can't get or what takes more than it's worth and align yourself to things that satisfy and are within both your reach and your grasp. Parting is no sorrow when it's something well departed, and now's the time to pick and choose. Cut the fat gladly, keep what tastes sweet.

Mercury Stationary Direct in 05th House

A period of changeability and shifting focus has turned the corner and you will increasingly know better which choices are viable and which are not. Provisional projects will turn into final directions; distractions will be identified and pushed aside. Wherever you do wind up going, don't simply forget the road not taken, the path decided against. Keep them in your memory bank as they may turn up in other guises later and you'll already be halfway there. Follow through on what looks like a winner now, but don't let seemingly wasted time be forever lost by throwing away its fruits. Act selectively, but retain all.

Mercury Conjunct Venus

Mercury taking off again right on your Venus can make you first in line to get the most if you make sure you've got your name in the queue. Uncertainties clear up and second thoughts rule and supplant previous picks and best bets. After some beating around the bush, it is becoming time to state exactly what you want and whom you want it from. Make sure you phrase it just right, because if you inadvertently ask for the wrong thing, you might not get to return it so easily. Once you have let it out of the bag, there it remains -- stores may have guaranteed return policies, but people often don't.

Sometimes painting life with a broad brush can cause you to miss messy details that then slow you down. The next three weeks are a great time to pause and make sure the rug rats and ankle biters are not in a position to sidetrack your whole operation because you ignored them. It's time to give the small things their due so they can serve your larger purpose. By doing so, you may discover a better version of your own vision as well. Don't hurry, you've got time, and you may find that in the end tapping resources you had ignored will trigger a rising tide that floats all boats, not just your own.

Mercury Stationary Direct in 08th House

The last few weeks' complexities and contradictions begin to clear up and you've turned a corner on finding out what you can get elsewhere and what you can provide yourself. If you need to borrow, it will be in the cards, but you may equally find that a little inventory of your past resources will reveal you've actually got all you need if you try out a new way to tap it. Brilliant ideas that seemed elusive are headed back into the pipeline but will still need a little sorting out before you can bring them to fruition. Putting previous obstacles behind you will give you the chance.
